

The Canadian and Global IWF Network at Your Fingertips!

Prepared by IWFC Atlantic Chapter

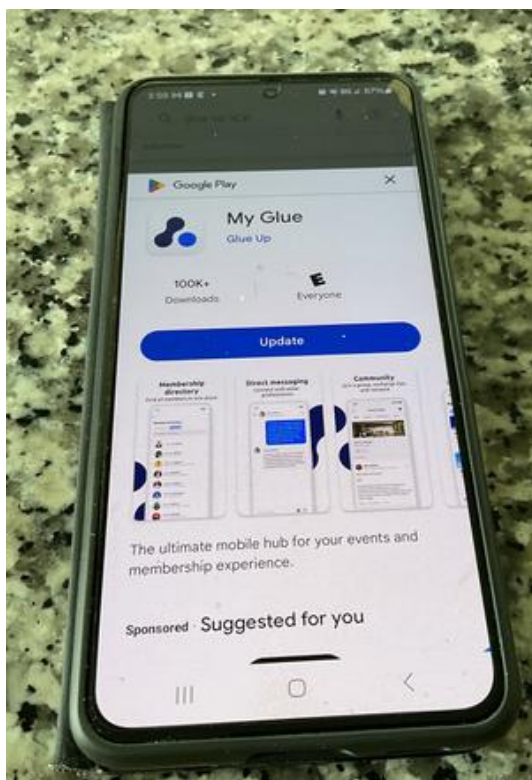

You're part of an amazing Canadian and global community. The IWF community offers a web of personal friendships, enrichment, creativity and direct access to some of today's most dynamic senior women leaders.

How do you access that community more easily?

A Few Easy Steps to Stay in Touch, Make New Friends, Enhance your Worldwide Professional Network

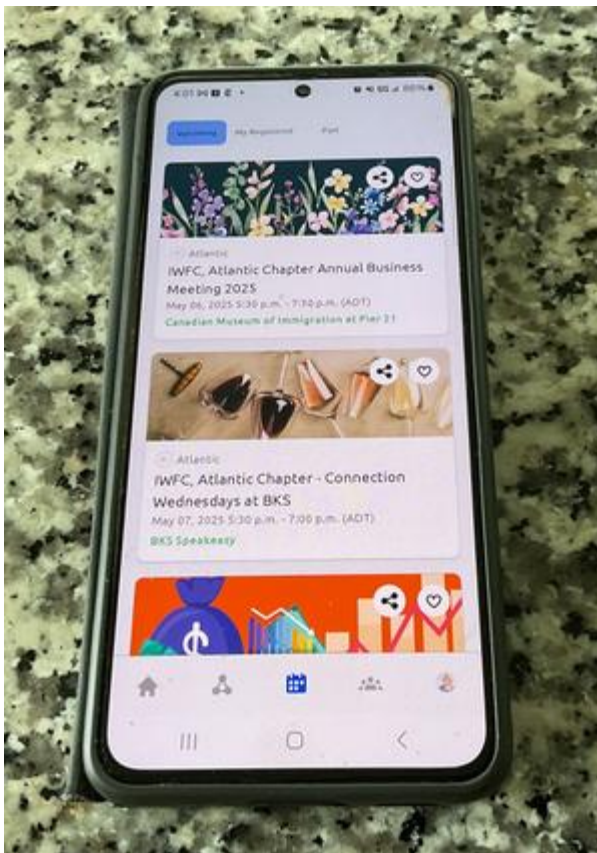

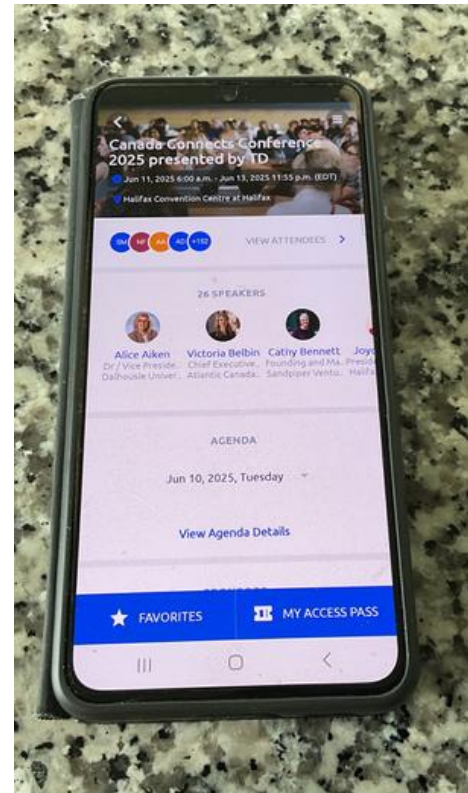

In Canada

GlueUp is IWF Canada's online platform for members to stay in touch. If you haven't registered, we encourage you to [register now](#). Once you've registered in GlueUp (iwfcanada.glueup.com), do the following:

- Whether you have an Apple or Android phone, download the “My Glue” app.
- Log in using your GlueUp registration information (email and password).
- Once logged in, the “My Glue” app will bring you to the IWF channel. You can choose to follow your Atlantic Chapter or IWF Canada. You can easily switch back and forth.
- Once in, it shows all the upcoming events and who has registered to attend including their bios. The bios are whatever members have chosen to upload when they registered in GlueUp.

- For example, for the upcoming Canada Connects conference in June you can see the list of registered delegates (provided they've registered in GlueUp), read their profile, direct message them and see the full program. A great way to make new connections and renew old ones!

- Locally, you can see the upcoming events and who's registered as well.

GLOBAL

To access the IWF Global network, go to the Global site iwforum.org. At iwforum, tap the “IWF Connect” bar and log in. The log in is different from the Canadian GlueUp login information. If you run into any challenges, you can simply reach out to iwf@iwforum.org for support. They are very responsive.

Then download the app “IWF Connect” from Google Play or the App Store. The app allows you to search the global directory, see interesting member updates and get upcoming event information in real time.

A world of new connections truly at your fingertips!
